

Applicant Newsletter *Tracking Page*

Issue II (Fall 2015)

How the Tracking Page Works

You drive the information that populates the Tracking Page. In order to be able to track in evaluations, please complete the following sections as soon as you can:

- + Animal and Veterinary Related Experience (Section 2, #8)
- + Letters of Evaluation (Academic and Other) (Section 3, #9)

As you fill in these sections, the information will also populate your tracking page and we can track the documents that come in for those sections. Visit your [Tracking Page](#) often to make sure your documents have been received.

Tracking Evaluations

We receive VMCAS eLors in separate mailings from the applications. So, if you see your VMCAS application tracked in and not your eLors, don't worry- the eLors should be coming soon.

Updating Tracking Pages

We are continually updating tracking pages. Some documents are tracked in are automatically, but most of the tracking is done manually. *Prerequisite courses* will not be tracked in until your transcripts have been sent to VMCAS and they have verified your course work. Please have your transcripts sent to VMCAS *as soon as possible* (deadline of September 15th).

When emailing with questions or requests regarding your application please include your VMCAS ID
